B. DEPARTMENT APPROVAL. (Section B to be completed by Department)

ORS 670.600 sets forth the standards for classifying a vendor as an independent contractor. By my signature below I represent that under this contract:

1. The Contractor is free from direction and control over the means and manner of providing the services, subject only to the University’s right to specify the desired results of the services.

2. The Contractor is responsible for obtaining all business registrations, certifications, and licenses necessary to perform the services.

3. The Contractor is performing services and/or providing goods for remuneration.

Department Signature: __________________________ Date: __________
1. **Submission.** Submit the completed Personal Services Contracts ("PSC(s)"), all required attachments and PCS Intake Sheet to contract@uoregon.edu. The PCS Intake Sheet and accompanying instructions can be found at http://pcs.uoregon.edu/. If submitting hard copies of the PSC through campus mail, send them to: Purchasing and Contracting Services, Attn: PSC Intake. Electronic submittal is preferred. The PCS Intake Sheet must always be sent electronically regardless of whether all other documents are otherwise sent through campus mail.

2. **Processing.** Purchasing and Contracting Services ("PCS") will insert a unique identification number and review the PSC and accompanying documentation and will communicate any questions, revisions or concerns to the submitting department. If negotiations are required with the vendor, PCS is available to discuss the changes with Contractor or the department may maintain exclusive contact with Contractor at its discretion.

3. **Contractor Information.** If Contractor is a new vendor (not previously set up in Banner), follow the instructions set forth at http://ba.uoregon.edu/staff/vendor-setup for the new vendor set-up procedures and to obtain a copy of the UO Substitute W-9 instructions. **DO NOT SUBMIT UO SUBSTITUTE W-9 TO PCS.** Additionally, if Contractor is a non-resident alien individual or entity, regardless of whether Contractor is a new vendor, follow the instructions set forth at http://ba.uoregon.edu/staff/payment-process-for-international-visitors. Complete all required documents and submit the original documents directly to Accounts Payable in Business Affairs Office. **DO NOT SEND COPIES OR ORIGINALS OF THE W-8, FORM 8233, OR ANY OTHER REQUIRED NON-RESIDENT ALIEN DOCUMENTS TO PCS.** If Contractor is a resident alien, Contractor does not need to submit documentation of Contractor’s status. If you have any questions regarding vendor set-up, resident alien, or non-resident alien requirements, please contact Accounts Payable at 346-3143.

4. **Signatures.** Once approved by PCS, the approved PSC will be emailed to the department with instructions that the department obtain Contractor’s signature. After all required signatures are obtained, PCS will execute the agreement. However, if the PSC is below $25,000, PCS will sign first unless otherwise requested by department. If PCS signs the agreement last, a final fully executed electronic copy of the agreement will be returned to the department via email with instructions that the department forward a copy of the fully executed agreement to Contractor (PCS can send a copy of the fully executed agreement to Contractor if the department wishes). If Contractor wishes to receive hard original copies of the agreement with blue ink signatures, PCS will be happy to oblige.

5. **Form Completion**
   5.1. **Contractor Information.** Insert the name of the entity or individual with whom we will be contracting. Please be sure to use the full legal name of the entity or individual. This is either the full name of the individual if the contractor is a sole proprietorship or the name published on the website of the Secretary of State in the state in which the company is incorporated or organized. **Do not use abbreviations.** If the Contractor
would like to provide a “doing business as” (dba) name, please include the dba name following the full legal name (e.g. “Oregon Coachways, Inc. dba OC&W Coachways”). Please note that the full legal name is still required even if a dba name is present. Please complete all contact information for Contractor.

5.2. **Department Name.** Department Name is the department submitting the PSC for processing. No abbreviations or acronyms please.

5.3. **Prepared by and Preparer’s Phone Number.** Please insert the name and phone number of the department staff member completing the PSC.

5.4. **Contract Term.** Dates the services will begin and end under the Contract. If the effective date field is left blank, date of last signature is the effective date. The Contract expiration (end) date must be entered and may not be left blank. A contract does not exist and services should not be provided until all signatures are secured. Please instruct Contractor that services may not begin until this happens.

5.5. **Statement of Work.** Provide a complete description of the agreed upon services that will be rendered including specific work elements, tasks, deliverables and associated timeline. Use consistent terminology for defined terms (i.e. University of Oregon is defined as “University” not “UO” or “Oregon”). The Statement of Work should be drafted with enough detail and specificity so that an independent third party can read and understand what is expected under the contract without being required to obtain additional information from outside sources. For further instruction on writing a Statement of Work, see the following documents: “Writing an Effective Statement of Work”, “Statement of Work Worksheet.”

5.6. **Contract Fee/Honorarium.** If you need additional space for the rate structure information in the form-fill fields on the cover page (if the PSC cover page expands to include two pages) type “See Exhibit C” in the Variable Fee form-fill field. Check Exhibit C and fill out the Variable Fee section in Exhibit C.

5.6.1. **Fixed Fee.** If Contractor will be paid a fixed amount, check the “Fixed Fee” box and insert the fixed fee amount in the box.

5.6.2. **Variable Fee.** If Contractor will be paid on a variable rate basis (i.e. hourly rate, based on deliverables accepted by University, etc.), check the “Variable Fee” box and insert the rate structure in the adjacent form-fill field.

5.6.3. **Expenses.**

5.6.3.1. **Contractor’s Expenses Including Travel.** If University will be reimbursing any of Contractor’s expenses, including travel expenses, check the first box in the Expenses section and insert the total not to exceed amount for all expenses. If this box is not checked, Contractor will not be reimbursed for expenses. Please note, any reimbursements will be reported as income on a Form 1099 unless Contractor is an individual.

5.6.3.2. **Direct Payment of Contractor’s Expenses.** If University will be paying
any of Contractor’s expenses directly, check the second box in the Expenses section and insert the total not to exceed amount for all direct payments. If this box is not checked, University will not directly pay any expenses on behalf of Contractor.

5.6.3.3. **Interim Payments.** If University will be making interim payments during the term of the PSC, check the fourth box in the Expenses section and refer to the Interim Payments section in Attachment C (See Section 5.6.3 below).

5.6.3.4. If the expense data imputed into the fields in the Expenses section causes the PSC cover page to wrap to two pages, check Attachment C in the Attachments section and fill out Attachment C.

5.6.4. **Contract Maximum Compensation.** Insert the maximum dollar amount that may be paid to Contractor including all financial considerations such as reimbursements, travel, per diem, etc. Expenses paid to third party contractors on behalf of Contractor are also included.

5.7. **Additional Terms and Attachments.**

5.7.1. **Attachment A.** Personal Services Contract Standard Contract Provisions: Required. Attachment A is found on our website at: http://pcs.uoregon.edu/content/forms and should not be physically attached to the contract. Departments may not make changes to Attachment A. If the department or Contractor wants to change any of the terms and conditions in this attachment, such request changes must be submitted to PCS for review and approval. Such a submission will be treated as a custom contract. Department personnel may not sign a Contractor’s contract or terms and conditions.

All additional attachments below, whether added by the department or Contractor, must be uniquely labeled and referenced in the Contract.

5.7.2. **Attachment B.** Statement of Work: Required if the statement of work will not fit in the space provided on page 1 of the PSC. See Section 5.5 above.

5.7.3. **Attachment C.** Compensation: Required if the instructions in Section 5.6.3 above so indicate. Includes fees, travel expenses if applicable, and payment information. Please refer to http://ba.uoregon.edu/travel-independent-contractors.

If there is an interim payment schedule, enter it in the section marked “Interim Payments.” If making interim payments, at least 10% of total payment may not be paid until all work under the PSC is completed. NOTE: Payment(s) need to be related to and dependent upon deliverables provided or services performed.

5.7.4. **Attachment D.** Insurance Requirements: Required if insurance is required. The department must assist in assessing the risk potential of each contract. The risk associated with the contract is not solely dependent on the dollar amount of the PSC.
5.6.4.1 General Liability Insurance is the most common type of insurance policy when insurance is required. This is most often required when there is a risk of bodily or property damage.

5.6.4.2 Auto liability, including business use, is required if Contractor will be driving on campus or other University of Oregon property or if Contractor will be transporting individuals in the scope of Contractor’s work.

5.6.4.3 Professional Liability Insurance is required whenever the University is relying on the professional judgment of Contractor and Contractor’s errors and omissions could subject the University to undue risk.

5.6.4.4 Note any questions regarding insurance coverage on the PCS Intake Sheet.

5.7.5. **Attachment E. Photography Contract Provisions:** Required if hiring a photographer. Check Attachment E on the PSC cover sheet. Provide dates, times, locations and subject matter of Contractor’s work in either in the Statement of Work section on the cover page of the PSC or on Attachment B (Statement of Work).

5.7.5.1. **Hourly Rate.** If Contractor will provide services on a variable basis (i.e. hourly), detail such terms in the Variable Fee portion on the PSC cover page or Attachment C.

5.7.5.2. **Rate Sheet.** If Contractor will provide services based on a rate sheet, label and attach such rate sheet as Attachment C-1. Check the “Other” item box in the Attachments section of the PSC cover page and type “Attachment C-1” in “Other” field. Check the Variable Fee section of the PSC cover page and type “See Attachment C-1” in the Variable Fee field.

5.7.6. **Attachment F. Independent Contractor Certification Statement.** If the Contractor is an individual, the Independent Contractor Certification Statement must be completely filled out and signed by the Contractor. The Independent Contractor Certification Statement must then be signed by the Department.

5.7.7. **SPS Contract Provisions.** Required if ARRA grant funds are paying for the services in whole or in part provided under the PSC. May also be required if the Sponsored Projects Services has indicated that grant requirements dictate that special terms and conditions be added to the PSC.

5.7.8. **Other.** Mark this box if another attachment is needed and will be used. Provide a unique title.

5.8. **Approvals.** Please see Approvals List ([https://pcs.uoregon.edu/content/forms](https://pcs.uoregon.edu/content/forms)) to ensure you have received all necessary internal approvals required for the PSC.

Unless PCS has approved Level 2 Contracting Authority, PCS will obtain SPS’s approval of the Contract as required. If the department is exercising Level 2 Contracting Authority they will need to insert the approval information.
If special terms are required by SPS, please select the “Other” box in the Attachment List on the front of the Contract and type in the Attachment Title in the space. Please submit the special terms to PCS with the PCS intake sheet and PCS will attach them to the Contract.

5.9. **PCS Signature.** Unless PCS has approved Level 2 Contracting Authority, PCS execution of the Contract must be obtained *prior* to the start of services (See Section 4 above).

EMPLOYEE OR INDEPENDENT CONTRACTOR?

In recent years, the Internal Revenue Service (IRS) has sought out and imposed severe penalties on companies that treat employees as independent contractors, and which fail to withhold taxes. To avoid the paperwork burden and expense of payroll taxes, some employers inappropriately designate workers "independent contractors." If the IRS determines that the worker is actually an "employee," the person responsible for the collection and payment of withholding taxes may be held personally liable for an amount equal to the taxes that should have been withheld.

The IRS considers 20 questions in determining a worker's status. Meeting just one of the conditions may qualify the worker as an employee. If a company is unable to determine the appropriate designation from the IRS guidelines, the IRS will help. Simply file a Form SS-8 and the IRS will respond with a determination. A summary of the IRS position and the 20 questions are provided below:

IRS Factors and the 20 Questions

3 IRS Factors:
- Behavior Control
- Financial Control
- Relationships of the Parties

An employer must generally withhold income taxes; withhold and pay social security and Medicare taxes; and pay unemployment taxes on wages paid to an employee. An employer does not generally have to withhold or pay any taxes on payments to independent contractors.

To help determine whether an individual is an employee under the common-law rules, the IRS has identified 20 questions that are used as guidelines to determine whether sufficient control is present to establish an employer-employee relationship.

These questions should be considered guidelines. Not every factor is applicable in every situation, and the degree of importance of each factor varies depending on the type of work and individual circumstances. However, all relevant questions are considered in making a determination, and no one factor is decisive. It does not matter that a written agreement may take a position with regard to any questions or state that certain questions do not apply if the facts indicate otherwise.

The 20 questions are categorized under the three IRS factors as follows:

A. Behavioral Control Factors

1. Instructions. An employee must comply with instructions about when, where, and how to work. Even if no instructions are given, the control factor is present if the employer has the right to control how the work results are achieved.

2. Training. An employee may be trained to perform services in a particular manner. Independent contractors ordinarily use their own methods and receive no training from the purchasers of their services.

3. Integration. An employee's services are usually integrated into the business operations because the services are important to the success or continuation of the business. This shows that the employee is subject to direction and control.

4. Services rendered personally. An employee renders services personally. This shows that the employer is interested in the methods as well as the results.

5. Hiring assistants. An employee works for an employer who hires, supervises, and pays workers. An independent contractor can hire, supervise, and pay assistants under a contract that requires him or her to provide materials and labor and to be responsible only for the result.

6. Continuing relationship. An employee generally has a continuing
relationship with an employer. A continuing relationship may exist even if work is
performed at recurring although irregular intervals.

7. **Set hours of work.** An employee usually has set hours of work established by
an employer. An independent contractor generally can set his or her own work
hours.

8. **Full-time required.** An employee may be required to work or be available full-
time. This indicates control by the employer. An independent contractor can work
when and for whom he or she chooses.

9. **Work done on premises.** An employee usually works on the premises of an
employer, or works on a route or at a location designated by an employer.

10. **Order or sequence set.** An employee may be required to perform services in
the order or sequence set by an employer. This shows that the employee is
subject to direction and control.

11. **Reports.** An employee may be required to submit reports to an employer.
This shows that the employer maintains a degree of control.

**B. Financial Control Factors**

12. **Payments.** An employee is generally paid by the hour, week, or month. An
independent contractor is usually paid by the job or on straight commission.

13. **Expenses.** An employee's business and travel expenses are generally paid
by an employer. This shows that the employee is subject to regulation and
control.

14. **Tools and materials.** An employee is normally furnished significant tools,
materials, and other equipment by an employer.

15. **Investment.** An independent contractor has a significant investment in the
facilities he or she uses in performing services for someone else.

16. **Profit or loss.** An independent contractor can make a profit or suffer a loss.

**C. Relationship of the Parties Factors**

17. **Works for more than one person or firm.** An independent contractor is
generally free to provide his or her services to two or more unrelated persons or
firms at the same time.

18. **Offers services to general public.** An independent contractor makes his or
her services available to the general public.

19. **Right to fire.** An employee can be fired by an employer. An independent
contractor cannot be fire so long as he or she produces a result that meets the
specifications of the contract.

20. **Right to quit.** An employee can quit his or her job at any time without
incurring liability. An independent contractor usually agrees to complete a specific
job and is responsible for its satisfactory completion, or is legally obligated to
make good for failure to complete it.

Facilities Use Agreement Instructions

1. **Submission.** Submit the completed Facilities Use Agreement (“FUA”), all required attachments and PCS Intake Sheet to contract@uoregon.edu. The PCS Intake Sheet and accompanying instructions can be found at http://pcs.uoregon.edu/. If submitting hard copies of the FUA through campus mail, send them to: Purchasing and Contracting Services, Attn: FUA Intake. Electronic submittal is preferred. The PCS Intake Sheet must always be sent electronically regardless of whether all other documents are otherwise sent through campus mail.

2. **Processing.** PCS will review the FUA and accompanying documentation and will communicate any questions, revisions or concerns to the submitting department. If negotiations are required with the vendor, PCS is available to discuss the changes with the Contractor or the department may maintain exclusive contact with the Contractor at its discretion.

3. **Signatures.** Once approved by PCS, the approved FUA will be emailed to the department with instructions that the department obtain the Contractor’s signature. After all required signatures are obtained, PCS will execute the agreement. However, if the FUA is below $25,000, PCS will sign first unless otherwise requested by department. If PCS signs the FUA last, a final fully executed electronic copy of the FUA will be returned to the department via email with instructions that the department forward a copy of the fully executed FUA to Contractor (PCS can send a copy of the fully executed agreement to Contractor if the department wishes).

4. **Form Completion**

   4.1. **Contract No.** Each contract should have a unique number for tracking that contract. This is either the name of the individual if Contractor is a sole proprietorship or the name published on the website of the secretary of state in the state in which the company is incorporated or organized. The risk associated with the Contract is not solely dependent on the dollar amount of the use fee, but is also dependent on the proposed use.

   If Contractor will be driving on campus or other University of Oregon property auto liability, including business use, is required. If the Contractor is a business and will be driving on campus in connection with Contractor’s business, **check the last box in Section 6.1.**

For Banner PO’s, the required text has been broken up into 50 character lines in order to facilitate a smooth copy/paste functionality, as seen below:

   “THIS PURCHASE IS PLACED AGAINST STATE OF OREGON SOLICITATION # [insert#] AND PRICE AGREEMENT #: [insert #]. THE CONTRACT TERMS AND CONDITIONS AND SPECIAL TERMS AND CONDITIONS (T’s & C’s) CONTAINED IN THE PRICE AGREEMENT ARE HEREBY INCORPORATED BY REFERENCE AND SHALL APPLY...

5.22. **Check Boxes.** Mark the appropriate check box.

5.22.1. **First check box:** Check if Contractor agrees to the Purchase Order Standard Terms and Conditions.

Additionally, if the products or services being provided under the agreement cause the UO to incur risk that should be allocated to the Contractor, check the appropriate insurance requirements. The department must assist in assessing the risk potential of each contract. The risk associated with the contract is not solely dependent on the dollar amount of the PO.

Before the purchase order is executed by the University, Contractor must provide the requested Certificate of Insurance or Endorsement to University. Department shall furnish to PCS the requested documents along with the submission of the purchase order. Per the Purchase Order Standard Terms and Conditions, the certificates will be directed to the attention of the individual preparing the PO and sent to the department’s “bill to” address. If department is not using the Purchase Order Standard Terms and Conditions (such as reference to another contract) make sure to include required insurance and submittal requirements on the face of the PO. If department has any questions regarding required insurance or regarding the certificates contact PCS. If an endorsement is needed, PCS will contact the department.

5.29. **Purchase Order Approval.**

5.29.1. **If using Banner:** Unless Level 1 or Level 2 Contracting Authority has been granted, the PO will be routed through the appropriate approval queue for approval by PCS. The approved PO will then be available for printing. After the purchase order is printed, in the “Purchase Order Signature Approval” section, please fill in the following statement: Electronic approval via Banner by (name of PCS individual) on (date). To verify the PCS individual approval, use Banner screen code “FOIAPHT”.

5.29.2. **If not using Banner:** In the “Purchase Order Approval” section at the bottom of the PO, the UO employee with delegated contracting authority to sign agreements for the department on behalf of the UO should sign in this section.
For PO’s not more than $5,000, this person signing the PO for the department must be listed on the department’s UO Department Approval Authorization Form as authorized to exercise Level 1 Contracting Authority. 5.32.1. When Contractor quote # must be referenced on the PO for the Contractor’s internal processing enter the following statement:

> “Contractor quote #________ is noted for Contractor’s internal reference purposes only and is not incorporated as part of this Contract.”

5.32.2. When you want to incorporate a Contractor’s quote into the PO due to terms and conditions on that quote you want included send the Contractor’s quote with the additional terms and conditions to PCS for review to purchaseorder@uoregon.edu.

5.32.3. When you want to use the Contractor’s listing of products or services rather than entering each line item on the PO, you must remove all other Contractor information on the quote including any terms and conditions and uniquely label the attachment as an exhibit (such as “Exhibit A.”). You must then reference that Exhibit on the face of the PO as follows:

INFORMATION FOR NEW EMPLOYEES
Move & House Hunting

Welcome!

We are pleased that you will be joining us at the [NAME OF DEPARTMENT]. In order to make your transition as easy as possible, I have attached information you will need as a new employee and for your house hunting and move to Oregon.

1. Link to the UO’s new employee site http://odt.uoregon.edu/neo/
2. List of the moving companies that currently have price agreements with UO.
3. Summary table (attachment) of types of expenses, limitations and what is and is not taxable for moving, house hunting and temporary living.
4. The UO can work with the moving company for direct billing to UO for your move or you can be reimbursed after arrival. Please let me know which option you would like to use as soon as possible. If you would like UO to work with the moving company for direct billing to UO, I will need to work with you to complete required processes.
5. If neither of the above options works for you, please contact me to discuss further.
6. Moving and house hunting expenses: Save all receipts for any expenses you would like reimbursed. Please provide me those original receipts after your move for reimbursement.

Other important items to keep in mind:

- If your moving company costs will exceed $25,000, please contact me prior to proceeding. For moves of that amount, we may need to undertake a competitive process that includes posting on our procurement Website and obtaining detailed quotes from 3 moving companies.
- Be sure to provide backup documentation including mover’s inventory of all items being moved.
- UO strongly recommends that you get “binding” quotes. Binding quotes provide actual costs paid for the mover’s services, unless allowed variances are noted. A non-binding quote is an estimate and the actual cost can vary. Much frustration will be saved with binding quotes.
- If you decide to get a quote from a mover not on the attached list of UO price agreements, be sure to request information on discounts available on a large scale, such as national discounts for educational institutions, both public and private.
- If you are shipping cars, you may want to get quotes from companies that specialize in car shipment. Some faculty have found these rates cheaper than having the moving company ship the car.
- If you have purchased a home before the move, work with the moving company ahead of time to make sure the truck can access the street without having to transfer items to a smaller vehicle. Added steps required to access a street or location are usually performed at an additional charge and it is easier to authorize the charge ahead of time.
- Even if UO works with the moving company for the direct bill option, the contract for moving services is between you and the moving company. You need to sign the contract for the mover selected prior to any work being done by the moving company.

You are encouraged to select the mover you feel most comfortable with moving your items across the country. If you are selecting the option for UO to work with the moving company for direct billing to UO, I will work with you in completing the requirements for that option.

Please let me know if you have any questions or concerns. I hope your house hunt and move go smoothly.

<td>As part of the hiring process, the department provides an allocated amount of money for new employee to relocate for new position at UO. UO enters into a Purchase Order (PO) directly with moving company for a not-to-exceed amount. If PO will exceed $25,000, department and new employee must work with PCS to complete the appropriate competitive process. UO receives the invoice for moving services and pays the moving company, up to the maximum not-to-exceed amount provided on the PO. If there are unauthorized or additional charges in excess of the not-to-exceed amount on the PO, employee is responsible for those charges. Contractual agreement governing all moving services is executed by new employee with moving company, (this agreement is not the PO).</td>
<td>Not a preferred method, but is available if the first two options are not possible. As part of the hiring process, the department provides an allocated amount of money for new employee to relocate for new position at UO. Used when new employee is conducting a “self-move”, purchasing materials or renting moving equipment (example: U-Haul®). UO provides employee with cash advance of part of the moving allowance to cover moving expenses. Recommend that advance amount not exceed 50% of the moving allowance.</td>
